自我评价

SELF-EVALUATION

六年开发经验, 前端技术栈均有所涉猎。目前负责聚美优品电商、增长业务的前端团队, 从独立模块开发、工程构建到团队管理都有一定的经验。自建技术博客, 实现过一个基于 proxy 的 MVVM 框架, 并在掘金 (ID:korey) 上发表过 webpack 源码和 vue 源码分析系列等前端技术文章, 希望为社区做一些微小的贡献。

Six years of development experience, understand all FE technology stacks. Head of the FE team of Jumei e-commerce and growth. Have certain experience in independent module development, project construction and team management. Created a technical blog and a MVVM framework based on proxy, and published FE technical articles such as webpack and vue source code analysis series on JueJin (ID:korey), hope to make some small contributions to the community.
